

How to Tell If It's the Real Deal

Medical Grade Tuning Forks

To distinguish Ohm Therapeutics Tuning Forks from other “Ohm or Om tuning forks,” we have engraved the Om symbol on one side of the throat of tuning fork, and ohm therapeutics on the other side.

Latex-Free Activators

Ohm Therapeutics tuning fork Activators are custom made from a *latex-free*, certified virgin material — a benefit to those with latex allergies. For those with environmental sensitivities, there is virtually no odor of off gassing typical of rubber products. Please check for our label to be sure you are purchasing an Ohm Therapeutics Activator.

Instructional Material

Based on years of clinical use and carefully researched treatment applications, directions for use feature healing protocol rooted in Traditional Chinese Medicine (TCM). Acu-points and anatomical placement are illustrated, for ease of use. Sound healing with tuning forks is a non-invasive, complementary therapy to the following disciplines: Shiatsu, Cranial-Sacral, Trigger Point, Polarity, Massage, Physical and Sport Therapies, Chiropractic, Acupuncture, and subtle body therapies that include Reiki, EFT, and other disciplines that balance the body's vital energy centers and attune the Chakras.

ॐ Ohm Therapeutics—A Trusted Brand

Be an informed consumer. Look at credentials. Use your instinct. Does the rationale of the sound healing system make sense to you? Do you resonate with the frequencies presented? Are treatment applications easy to understand? Do the benefits presented seem reasonable? Are known contra-indications provided?

We trust you will benefit from purchasing quality sound healing tools with the added value of clear and succinct instructions, featuring treatment protocol grounded in TCM and other well-known Integrative Therapies.
